

Roswell P. Flower
Memorial Library

2021 - 2022:

LEARNING FROM THE PAST, GROWING INTO THE FUTURE

A Note from Our Director

I'm very proud and honored to have taken over the role of Library Director for Flower Library. More than just books and computers, libraries are still places where individuals gather to explore, interact, and imagine.

Since the first corner-stone was laid in 1903, Flower Library has been proud to provide the Watertown community with access to educational, recreational, and cultural materials and events. This year, as the previous few years, proved to be challenging, but our focus has not shifted. We have finally reached a

"new normal" after the pandemic and the library has fully restored all of our services.

It is our hope that in the coming year we are able to focus on updating our technology as well as increasing our events to fit community needs. In addition, work will continue on our beautiful historic building, including the installation of new windows and lights for the front of the library.

Thank you all for your continued love and support of our library. I look forward to seeing you in the library soon.
